

MAHEK SURESH MANANI

Chicago, IL, 60605 (Open to Relocate) | maheksmanani@gmail.com | +1 (773)690-0311 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Data Analyst & MS Business Analytics candidate (GPA 3.875, DePaul University) with hands-on experience transforming complex datasets into actionable business insights. Skilled in **SQL, Python, R, Power BI (DAX) and Tableau**. Proven track record delivering measurable outcomes: **40% cost reduction, 18% stockout decrease, and 91.4% predictive model accuracy**. **Strong communicator** who translates analytical findings into clear recommendations for business stakeholders.

SKILLS

Analytics & BI: Power BI, DAX, Tableau, Dashboard Development, KPI Design, Data Modeling, Forecasting, Anomaly Detection

Programming: Python (Pandas, NumPy, Scikit-learn), R, SQL, Jupyter Notebook, Regression, Predictive Modeling

Data Management: Data Cleaning, Data Transformation, ETL, Database Design, MySQL, SQLite, Excel (PivotTables, XLOOKUP, Solver)

Analytics Methods: Statistical Analysis, Root Cause Analysis, Risk Segmentation, EOQ Optimization, DMAIC, A/B Testing

Tools & Platforms: Microsoft Excel, SAP (Basic), GitHub, Google Analytics, Microsoft Copilot, ChatGPT, Claude AI

Soft Skills: Data Storytelling, Stakeholder Communication, Project Management, Agile, Problem-Solving

EXPERIENCE

Siemens Ltd. | Intern

Jul 2022 - Dec 2022

- 3+ years of procurement & supplier data analyzed using **SQL** across 50+ contracts, contributing to a **40% cost-reduction** initiative
- Built **5 automated Power BI dashboards** with advanced **DAX** measures tracking lead time, delivery reliability & spend variance, **eliminating 8+hrs/week** of manual reporting
- Streamlined **regression-based forecasting models** improving material planning accuracy by **15%**, reducing excess inventory by **10%**
- Performed root cause analysis on 200+ delivery failures, surfacing 3 issues that improved **on-time delivery by 12% within 60 days**
- Partnered with procurement, logistics & finance across 4 departments to standardize KPI definitions and automate performance reporting

VJTI | Student Assistant, Supply Chain and Operations

Jun 2021 - Feb 2022

- Parsed **12 months** of warehouse & logistics data across 4 facility zones; **identified 2 critical bottlenecks causing 23% throughput loss**
- Executed **7 structured performance reports** adopted by operations managers; **presented at shareholder meetings** and formally acknowledged
- Documented and standardized **15+ operational workflows**, reducing process ambiguity and improving handoff efficiency across

PROJECTS

Operational Risk & Fleet Performance Analytics — Reyes Holdings | Power BI · DAX · R · Predictive Modeling · Segmentation

- Integrated 4+ data sources; built Power BI dashboards tracking 12 live KPIs using RFM-style driver segmentation in R
- Achieved 91.4% model accuracy in risk classification; identified top 21% of drivers generating 58.8% of total event risk, incident rate reduced 34%.

Demand Forecasting & Inventory Optimization | Python · Pandas · NumPy · Scikit-learn · Regression · EOQ Model

- Built 3 regression models (MAE, RMSE) on 24 months × 80+ SKUs; best model achieved 97.4% forecast accuracy **(+15% vs baseline)**
- Designed EOQ & reorder-point logic reducing projected stockouts by 18% and excess inventory by 20%

Procurement Cost Optimization via SQL Analysis | SQL · CTEs · Window Functions · Joins · Supplier Benchmarking

- Analyzed **\$4.7M+** in supplier transactions across **30 vendors** over **18 months** using complex multi-table SQL
- 12%** cost-saving opportunities by benchmarking supplier pricing against category averages; flagged 4 underperforming contracts

EDUCATION

MS in Business Analytics (STEM) | GPA: 3.875 / 4.0 | March 2026

Kellstadt Graduate School of Business, DePaul University, Chicago, IL, USA

Advanced Certificate in Business & Data Analytics

Indian Institute of Management (IIM) Udaipur, India

B.Tech. in Production Engineering

Veermata Jijabai Technological Institute (VJTI), Mumbai, India (NAAC GRADE A++)

CERTIFICATIONS

- Data Analytics Internship (Deloitte Australia – Forage)** – Hands-on training in data cleaning, dashboard creation, & business insights
- SQL Essential Training (NASBA)** – Proficiency in database management, queries, & ETL processes
- Introduction to Data Science (Infosys)** – Foundations in machine learning, statistics, & predictive analytics
- Programming for Everybody (University of Michigan, Coursera)** – Core Python programming, including Pandas & NumPy
- Supply Chain Foundations (LinkedIn Learning)** – Training in logistics, demand planning, & inventory optimization
